TEACHING AND RESEARCH FIELDS

Fields: Industrial Organization, Health Economics, Applied Microeconomics

TEACHING EXPERIENCE

Spring 2015	Intermediate Microeconomics (Undergraduate), NYU Stern, Teaching Fellow for Prof. Juan Dubra <i>Received Teaching Commendation, student ratings 6.5/7</i>
Spring 2014	Firms and Markets (MBA), NYU Stern, Teaching assistant for Prof. John Asker
Summer 2013	Firms and Markets (MBA), NYU Stern, Teaching assistant for Prof. John Asker

RESEARCH EXPERIENCE AND OTHER EMPLOYMENT

2015	Research Assistant, NYU Stern, Prof. Christopher Neilson
2012-2013	Research Assistant, NYU Stern, Profs. John Asker and Robin Lee
2010-2011	Consultant, Bates White Economic Consulting
2010	Research Assistant, University of Chicago, Prof. Ali Hortaçsu

PROFESSIONAL ACTIVITIES

Referee Service: RAND Journal of Economics

Presentations: 2015 Trans-Atlantic Doctoral Conference, LBS (Presenter and Discussant), 2015 NET Institute Conference (Discussant), NYU Stern Friday Microeconomics Seminar (Presenter)

HONORS, SCHOLARSHIPS, AND FELLOWSHIPS

2015-2016	Joseph H. Taggart Fellowship, NYU Stern
2011-2014	Doctoral Fellowship, NYU Stern
2010	Lawrence G. Goldberg Honors Prize, University of Chicago
2006-2010	National Merit Scholarship

RESEARCH PAPERS

The Effects of Asymmetric Regulations: Urgent Care Centers Versus Emergency Departments (Job Market Paper)

Federal regulations require hospital emergency departments to provide care to all patients, regardless of ability to pay or insurance status. However, urgent care centers are not subject to the same regulations and I investigate the consequences of recent growth in the private urgent care industry on the U.S. market for emergency services. In this asymmetrically regulated environment, I find that the entry of urgent care centers has had a significant and differential impact on demand for hospital emergency department care. I present empirical evidence of non-random

patient sorting and differentiation by diagnosis and patient characteristics. I estimate a structural consumer level demand system for emergency department and urgent care services in the absence of patient-level urgent care data and use this empirical framework to investigate the welfare and hospital-level implications of symmetric regulations and additional private urgent care entry.

RESEARCH IN PROGRESS

The Efficacy of Divestiture as a Merger Remedy (joint with John Asker, UCLA, and Robin Lee, Harvard University)

TECHNICAL STRENGTHS

MATLAB, Python, Stata, Excel, L^AT_EX

OTHER

Citizenship: USA

Last updated: October 2015
