SCHOOL OF BUSINESS

# WHY YOU SHOULD SUPPORT THE NYU STERN CENTER FOR REAL ESTATE FINANCE RESEARCH (CREFR)?

CREFR provides real estate programming for undergraduate and MBA students pursuing a career in real estate.

Contributions directly support student activities, such as: case competitions, site tours, real estate financial modeling training, Argus training, guest speakers, and industry panels for students.

CREFR offers academic and placement support for students interested in a career in real estate.

We organize networking events throughout the year to bring together hundreds of real estate professionals (students, alumni, and friends of CREFR).

## 2019 ANNUAL SPONSORSHIP OPPORTUNITIES

Our annual conferences highlight topics relevant to the real estate industry and bring together practitioners, academics, policy-makers, and students.
