

What Will My Students See?

Students can see their grades in Blackboard 8.0 in one of two ways:

1. Firstly, they can choose to turn on their **Report Card** module in the NYU Blackboard Tab (which display only grades set as “show as external grade”).

Report Card	
Course	Grade
Ethan_Test_SP08: Ethan Test	-
Test.Nada.Test: Nada Test Course	<u>3</u>
sandbox.moran: Lillian's BB8 Test Course	<u>35</u>

Tip: There appears to be a delay between the setting of the My Grades tool as available or unavailable in a course site and the reflection of same in the Report Card module!

2. Secondly students can view their grades from within a course using the **My Grades** tool in the Course Tool area of the course menu.

Once students select **My Grades**, the following screen will be presented:

Pre-term survey	Details		Sep 18, 2008 9:46 AM	✓	0	
Wk 1 Assignment	Details			-	0	
1st Self & Peer	Details		Sep 10, 2008 6:14 PM	2	2	
Grade This!	Details			-	10	
jlkdfjdfdf	Details			-	0	
test to see student's names	Details			-	0	
April 30 Test	Details	Aug 15, 2008	Sep 18, 2008 9:29 AM	<u>60</u>	80	
Test	Details			35	50	
Weighted Total	Details			-	0	
Total	Details			97	132	

[Icon Legend](#)

The students also have an icon legend option in the bottom right hand corner of their screen:

If you do not wish students to view their grades via Blackboard, you can make the My Grades Tool unavailable. To do so:

1. Click on the **Manage Tools** option in the Course Options area of the Control Panel.

2. Click on the **Tool Availability** link
3. Scroll down to the **My Grades** option and uncheck that option.

4. Finally, click **Submit** to save your changes.
