Associate Dean

 @eobriennyc

Welcome From Our Associate Dean

Great cities are engines of creativity. New York University takes its name and spirit from one of the world's most global, diverse and dynamic cities of all. Thriving beyond borders and across academic disciplines, NYU has emerged as a hub of networked centers for learning, creating new knowledge and inventing new ways to meet humanity's challenges through business, science, policy and the arts.

NYU Stern's portfolio of global degree programs, short courses and custom programs prepares executives to meet the changing demands of the global economy. Our programs are designed to inspire you to test your own assumptions, lead change and transform complex global business challenges into opportunities.

Learning is lifelong. At any age, going back to school is a magical opportunity to step away from the day-to-day and ask **why, what's next** or **imagine if**. Learn from leading faculty and industry practitioners who are working on today's challenges and tomorrow's opportunities. Gain from collaborating with a global network of faculty, fellow participants and leading executives.

We welcome you to contact us by phone at **+1.212.998.0789** or e-mail us at **execed@stern.nyu.edu** to learn more about our programs and discover which ones best suit your professional goals.

We look forward to hearing from you and partnering with you to meet your learning goals.

A handwritten signature in black ink that reads "Erin P. O'Brien".
