DATA WATCH

Separate And Unequal: Racial Segregation And Disparities In Quality Across U.S. Nursing Homes

Residential segregation in U.S. cities disproportionately places blacks
in poorer-performing nursing homes.

Concern (and new \$\$\$) for Dementia Care

- All stages of the disease, all settings
- Interaction of unpaid, informal care with LTSS services
- Focus on disparities in care – what people are getting, and what difference it makes
- Recent and forthcoming announcements include:
 - RFA AG17-065 Pragmatic Trials for Dementia Care in LTSS settings
 - PAR-15-348 Research on Informal and Formal Caregiving for Alzheimer’s Disease
 - RFA-AG-18-002 Alzheimer’s-related Resource Centers for Minority Aging Research
 - PAR-15-349 Health Disparities and Alzheimer’s Disease

Limits on Scope of NIA-Funded Research in Health Economics

- Guide Notice “Clarifying NIH Priorities for Health Economics Research <https://grants.nih.gov/grants/guide/notice-files/NOT-OD-16-025.html>
- Good => “impact of both financial and non-financial incentives on health-related behaviors, healthcare utilization, and health outcomes”
- Bad => “financing of healthcare, including the impact of changes in structure or function of the health care marketplace on broad measures of health care cost but not health outcomes”
- Contact us early with draft Specific Aims page!
