Text: *The Analysis and Use of Financial Statements* (3rd Ed.) White, Sondhi & Fried: Wiley 2003
Note [Numbers] in square brackets in Course Outline denote Chapters from this Text

Course grade to be based on Mid-term and Final

- **Exam I (covers chapters 2,3, and 4) Date TBA (Oct 29 or Nov 5)**
- **Exam II (noncumulative) – Last Day of Class**
- **Better of two exams counts for 65% of grade; other is 35%**
- **Exams are open-book**

Topics: The course outline lists 8-10 topics and it should take approximately 1-2 sessions to finish each topic. At that, the pace will be quick.

Readings: The book is comprehensive - at times, you may feel - too much so. As such, **handouts** will be used to summarize and focus the chapter readings.

Handouts:

Will be available on *NYU Classes*

Names of the files to be downloaded are indicated on P. 2 of course outline in { }

Make sure you check the website and download the handout before coming to class.

Problems & Cases: The course outline lists numerous problems from the text. In addition to these problems you may receive additional assignments throughout the course.

Solutions to cases and problems will also be available on *NYU Classes*

The problems, cases, handouts and readings are an integral part of the course and in many cases will constitute core elements of the lecture. I urge you to be prepared!

Classes will be videoed: Links will be posted on *NYU Classes*

* Also available at Stern office hours Monday 5:00-6:00
